The following laboratory is voluntarily withdrawing from the National Laboratory Certification Program, effective 30 June 2011:

DynaLIFE Dx *, 10150-102 St., Suite 200, Edmonton, Alberta, Canada T5J 5E2, 780-451-3702/800-661-9876 (Formerly: Dynacare Kasper Medical Laboratories).

* The Standards Council of Canada (SCC) voted to end its Laboratory Accreditation Program for Substance Abuse (LAPSA) effective May 12, 1998. Laboratories certified through that program were accredited to conduct forensic urine drug testing as required by U.S. Department of Transportation (DOT) regulations. As of that date, the certification of those accredited Canadian laboratories will continue under DOT authority. The responsibility for conducting quarterly performance testing plus periodic on-site inspections of those LAPSA-accredited laboratories was transferred to the U.S. HHS, with the HHS' NLCP contractor continuing to have an active role in the performance testing and laboratory inspection processes. Other Canadian laboratories wishing to be considered for the NLCP may apply directly to the NLCP contractor just as U.S. laboratories do.

Upon finding a Canadian laboratory to be qualified, HHS will recommend that DOT certify the laboratory (**Federal Register**, July 16, 1996) as meeting the minimum standards of the Mandatory Guidelines published in the **Federal Register** on April 30, 2010 (75 FR 22809). After receiving DOT certification, the laboratory will be included in the monthly list of HHS-certified laboratories and participate in the NLCP certification maintenance program.

Dated: July 6, 2011.

Kathleen G. Milenkovic,

Acting Director, Office of Management, Technology, and Operations, SAMHSA.

BILLING CODE 4160-20-P

DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management, Regulation and Enforcement

[Docket No. BOEM-2011-0053]

Commercial Wind Lease Issuance and Site Characterization Activities on the Atlantic Outer Continental Shelf (OCS) Offshore New Jersey, Delaware, Maryland, and Virginia

AGENCY: Bureau of Ocean Energy Management, Regulation and Enforcement (BOEMRE), Interior.

ACTION: Notice of the availability of an environmental assessment.

SUMMARY: BOEMRE has prepared a draft environmental assessment (EA) considering the environmental impacts and socioeconomic effects of issuing renewable energy leases (which includes reasonably foreseeable site characterization activities—geophysical, geotechnical, archeological, and biological surveys—on those leases) in identified Wind Energy Areas (WEAs) offshore New Jersey, Delaware, Maryland, and Virginia. The draft EA also considers the reasonably foreseeable environmental impacts and socioeconomic effects associated with the approval of site assessment activities (including the installation and operation of meteorological towers and buoys) on the leases that may be issued.

The purpose of this notice is to inform the public of the availability of the draft EA for review and comment. Public comments on the draft EA will be considered in the preparation of the final EA and determination of whether a Finding of No Significant Impact would be appropriate, or whether an Environmental Impact Statement (EIS) would need to be prepared. The draft EA can be accessed online at: <http://www.boemre.gov/offshore/RenewableEnergy/SmartFromTheStart.htm>.

Authority: This Notice of Availability (NOA) of an EA is published pursuant to 43 CFR 46.305.

FOR FURTHER INFORMATION CONTACT: Michelle Morin, BOEMRE Office of Offshore Alternative Energy Programs, 381 Elden Street, MS 4090, Herndon, Virginia 20170-4817, (703) 787-1340 or michelle.morin@boemre.gov.

SUPPLEMENTARY INFORMATION: On November 23, 2010, Secretary of the Interior Ken Salazar announced the “Smart from the Start” renewable energy initiative to accelerate the responsible development of renewable energy resources on the Atlantic OCS. One of the focuses of the initiative is the

identification and refinement of WEAs (areas on the OCS that appear to be suitable for renewable energy development), within which BOEMRE will focus its leasing efforts. In consultation with other Federal agencies and BOEMRE's Intergovernmental Renewable Energy Task Forces, BOEMRE identified WEAs offshore New Jersey, Delaware, Maryland, and Virginia. On February 9, 2011, BOEMRE identified these WEAs in a Notice of Intent (NOI) to prepare an EA for Mid-Atlantic WEAs (76 FR 7226), which requested public input with regard to the identification of the important environmental issues associated with leasing and site assessment within the identified WEAs, and alternatives to be considered in the EA. BOEMRE considered these public comments in drafting the alternatives and assessing the reasonably foreseeable environmental impacts associated with each. Comments received in response to the NOI can be viewed at <http://www.regulations.gov> by searching for Docket ID BOEM-2010-0077.

Comments

Federal, state, and local government agencies, tribal governments, and other interested parties are requested to submit their written comments on the draft EA in one of the following ways:

1. Electronically: <http://www.regulations.gov>. In the entry titled "Enter Keyword or ID," enter BOEM-2011-0053, then click "search." Follow the instructions to submit public comments and view supporting and related materials available for this document.

2. In written form, delivered by hand or by mail, enclosed in an envelope labeled "Comments on Mid Atlantic WEA Draft EA" to Program Manager, Office of Offshore Alternative Energy Programs (MS 4090), Bureau of Ocean Energy Management, Regulation and Enforcement, 381 Elden Street, Herndon, Virginia 20170-4817.

Comments should be submitted no later than August 11, 2011. All written comments received during the comment period will be made available to the public and considered during preparation of the final EA.

Dated: June 8, 2011.

Robert P. LaBelle,

Acting Associate Director for Offshore Energy and Minerals Management.

BILLING CODE 4310-MR-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

[FWS-R4-ES-2011-N129; 40120-1112-0000-F5]

Receipt of Applications for Endangered Species Permits

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice.

SUMMARY: We, the U.S. Fish and Wildlife Service, invite the public to comment on the following applications to conduct certain activities with endangered species. With some exceptions, the Endangered Species Act (ESA) prohibits activities with listed species unless a Federal permit is issued that allows such activities. The ESA requires that we invite public comment before issuing these permits.

DATES: We must receive written data or comments on the applications at the address given below, by *August 11, 2011*.

ADDRESSES: Documents and other information submitted with the applications are available for review, subject to the requirements of the Privacy Act and Freedom of Information Act, by any party who submits a written request for a copy of such documents to the following office within 30 days of the date of publication of this notice: U.S. Fish and Wildlife Service, 1875 Century Boulevard, Suite 200, Atlanta, GA 30345 (Attn: Cameron Shaw, Permit Coordinator).

FOR FURTHER INFORMATION CONTACT: Cameron Shaw, telephone 904/731-3191; facsimile 904/731-3045.

SUPPLEMENTARY INFORMATION: The public is invited to comment on the following applications for permits to conduct certain activities with endangered and threatened species pursuant to section 10(a)(1)(A) of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*) and our regulations in the Code of Federal Regulations (CFR) at 50 CFR part 17. This notice is provided under section 10(c) of the Act.

If you wish to comment, you may submit comments by any one of the following methods. You may mail comments to the Fish and Wildlife Service's Regional Office (see **ADDRESSES** section) or via electronic mail (e-mail) to: permitsR4ES@fws.gov. Please include your name and return address in your e-mail message. If you do not receive a confirmation from the Fish and Wildlife Service that we have received your e-mail message, contact

us directly at the telephone number listed above (see **FOR FURTHER INFORMATION CONTACT** section). Finally, you may hand deliver comments to the Fish and Wildlife Service office listed above (see **ADDRESSES** section).

Before including your address, telephone number, e-mail address, or other personal identifying information in your comments, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comments to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Applicant: William Holimon, Arkansas Natural Heritage Commission, Little Rock, Arkansas, TE-142294.

The applicant requests renewal of authorization for trapping, banding, translocating, and installing artificial nesting cavities for red-cockaded woodpeckers (*Picoides borealis*) in Arkansas.

Applicant: Georgia Department of Natural Resources, Social Circle, Georgia, TE-36886A.

Applicant requests renewal of authorization to take (capture and release) Indiana bats (*Myotis sodalist*) and gray bats (*Myotis grisescens*) for the purpose of conducting presence/absence surveys, population monitoring, and ecological studies. This work will be conducted throughout Georgia.

Applicant: CCR Environmental Inc., Atlanta, Georgia, TE-59008.

Applicant requests amendment of permit to add the following species for the purpose of conducting presence/absence surveys in the States of Georgia, Tennessee, Alabama, Mississippi, Kentucky, and Louisiana: Armored snail (*Pyrgulopsis pachyta*), speckled pocketbook (*Lampsilis streckeri*), and Rabbitsfoot (*Quadrula cylindrical cylindrical*).

Applicant: Avian Research and Conservation Institute, Gainesville, Florida, TE-38642A.

Applicant requests authorization to take snail kites (*Rostrhamus sociabilis*) for the purpose of attaching scientific devices to conduct research. This activity will be conducted in Polk, Osceola, Glades, Okeechobee, Martin, Palm Beach, Hendry, Broward, Collier, Monroe and Dade Counties, Florida.

Applicant: University of Kentucky, Lexington, Kentucky, TE-38522A.

Applicant requests authorization to take Indiana bats and gray bats for the purpose of conducting research on these
