

ADMINISTRATIVE CONFERENCE OF THE UNITED STATES: A BIBLIOGRAPHY, 1968-1995+

Revised and updated (June 2007)*

This bibliography is a list of reports, articles, and papers wholly or partially funded or sponsored by the Administrative Conference, or written by ACUS Chairs and staff members throughout its existence from 1968 to October 31, 2005. (Some entries also reflect continued publication activity beyond October 1995.) Many reports were written by a consultant performing research for the Conference in the process of developing recommendations. In addition, there are guides, sourcebooks, and manuals prepared by the staff of the Office of the Chairman, journal articles written by the staff, published transcripts of colloquia, seminars and other meetings, and papers prepared by committees or working groups. Many reports were also reprinted privately, so titles vary. Entries for reports that lead to a recommendation contain an annotation with additional bibliographic information about the recommendation. The titles used for this bibliography are the titles that appear in ACUS's series, *Recommendations and Reports*. All known published versions are noted in each entry.

Associated Recommendations themselves can be found in the *Federal Register*, the *Annual Report of the Administrative Conference* for the year of adoption, and in the *Code of Federal Regulations* through 1993. Due to budgetary constraints only the titles, not the text, of recommendations were printed in the CFR in 1994 and 1995. The first 35 recommendations were originally sequentially numbered. In 1973, recommendations began to be numbered by calendar year, then sequentially, e.g., 73-1, and the original recommendations were re-numbered accordingly. Though they should be cited in the renumbered format, both versions are given here for clarity. A complete listing of all recommendations and statements, was published in the *Federal Register* at 60 Fed Reg. 56,312 (Nov. 8, 1995). Selected ACUS Recommendations continue to be available on the website of Florida State University College of Law at <http://www.law.fsu.edu/library/admin/acus/acustoc.html>.

Transcripts of meetings are listed separately, by date, at the end of the bibliography. Subject and author indexes are also included at the end. With the closing of the Administrative Conference on October 31, 1995, the items in this bibliography, Research Program files, and copies of Plenary Session transcripts have been donated to the Pence Law Library, Washington College of Law, American University, 4801 Massachusetts Ave., NW, Washington, DC, 20016.
